INSTRUCTIONS FOR ASSEMBLING THE CARD DISPLAY

The Card Display consists of a total of two (2) pieces. You should have the following before you begin:

One (1) Base

One (1) Body

Start with white surface of the **Body Section** face down. Fold the perforated sections forward (away from you) and fold the creased sections back (toward you). Fold all of the tabs along the side of the **Body Section** upward as shown below:

Place the **Base Section** white surface down and fold the end wings upward. Then fold the tabs on each wing inward as shown below:

BCW Supplies

Insert the two first tabs from the **Body Section** into the **Base Section** as shown below:

The **Body Section** should be assembled to the **Base Section** starting from the bottom and working toward the top. Insert all of the tabs from the **Body Section** into the corresponding slots in the **Base Section** as shown below:

When the **Card Display** is complete it will look like this:
